

First Unitarian Universalist Society of Albany

A Welcoming Congregation

Our Mission

We welcome all men, women and children who seek a religion based on the inherent sanctity of every person's free and responsible search for truth and meaning.

In keeping with our distinctive, non-creedal religion, we strive to excite the human spirit and inspire its development; to respond to moral and ethical issues in our local, national and world communities; and to sustain a vital and nurturing congregational life.--Adopted November 7, 1993

On April 22, 1998 the First Unitarian Universalist Society of Albany voted to become a Welcoming Congregation. As we welcome into our society people of all ages, races, colors, national origins, genders, gender identities, affectional or sexual orientations, disabilities, political and religious beliefs we will grow in vision and inclusiveness.

To all people of goodwill -- Welcome!
